John Smith, Rumford, woodsman, was all right until his personal habits were investigated. His case was taken under advisement.
Andrew O'Donnell, Rumford, mill wright with the International Paper Co., married, one child.

The first civil case to come before the traverse jury opened late Tuesday forenoon. This is an action brought by Eunice Ridlon vs. Fred C. Small, both of Hiram to recover the value of timber cut from the land of the Ridlons. Along with this action is a question of title that must be determined. The lumber was taken from a three and a quarter acre lot which is part of the Joshua Ridlon farm situated on the Hiram Hill road, so called, the title being claimed by Mrs. Ridlon because of continuous occupancy by her husband, Charles Ridlon, son of the late Joshua Ridlon. No deeds were introduced to show a legal paper-title and the claim rests wholly on an unwritten family understanding whereby Charles continued his father's labors, for all intents and purposes the rightful owner.

Stephen Ridlon, a brother to Joshua, owned the adjoining part of the farm and his heirs sold this disputed lot to certain parties, the stumpage having passed through several hands before reaching the defendant, Fred C. Small. Estimates on that amount of timber vary, but it is believed about 45,000 was taken from the parcel.

The case was continued Thursday and many witnesses called and several warranty deeds placed as evidence by the defense, showing Mrs. Ridlon's claims unfounded. The case is pending as we go to press. Elias Smith of Limington, attorney for Mrs. Ridlon; Hon. J. S. Wright and Alton C. Wheeler for Fred C. Small.

Before Justice A. M. Spear there was a referee hearing in the case of Tersello Zaoni of Rumford vs. William F. Cyr of Rumford and Louis E. Small of Mexico in an action of trespass. Bernard A. Bove and Jacob H. Berman of Portland for the plaintiff, George H. Hutchins and Ralph T. Parker of Rumford for defendents. There was a decided conflict of testimony. Interpreters were necessary as some of the witnesses are Italians and there was considerable conflicting testimony.

RALLY DAY AT NORWAY

Congregational Church

A large congregation attended the morning service. The Boy Scouts, Vivian Akers, scout master, were the guests. Rev. R. J. Bruce's sermon on "Godliness and Patriotism" was a thoughtful presentation of facts drown from sacred and secular history, showing the certain decay of mighty nations when their patriotism is separated from Godliness. Flags were used effectively in the decorations and their colors were brought out in the sermon, the red representing righteousness, the white, justice and the blue, truth. These three elements must enter into the individual or national life if the ideal is to be reached. The chorus choir with Mrs. Herman L. Horne director, rendered fine music.

Two hundred and twelve remained to the Sabbath school exercises. Dr. B. F. Bradbury spoke on "Life in a Medical Training Camp." His talk was an informal presentation of inside facts, containing a touch of the human element not gained through general reading. The story was from his experiences in the several army medical camps told in an interesting way, holding the closest attention until the end. The speaker impressed all with the fact that we are up against a big proposition. Germany is not to be conquered in a few weeks, it means perhaps two years. It also means all will feel the ravages of the awful struggle later as our troops take the places of the French and English in the trenches.

A role of honor was presented containing the names of the young men in the parish who are serving their country or enlisted and under call. They are Francis S. Andrews, Albert R. Bartlett, Howard L. Chick, Haliberton Crandlemire, Raymond H. Evirs, Philip F. Foss, Clayton E. Heath, Paul F. Hosmer, Edward Alton Luck, Roland S. Nevers, Archibald Swift. All have been members of the Sunday school.

There was a good sized audience at the evening service. The chorus choir which has been assisting in the services for the past few weeks, rendered several fine selections. The pastor, Rev. Robert J. Bruce, gave an interesting account of the life of Edith Covell. Miss Covell was an English nurse and in 1915 was in Belgium, where she was arrested by the Germans for having assisted Belgium, English and French soldiers into Holland. The trial, the incidents relative to her conviction and her death, and the efforts to save her life by the English and Americans were interestingly told. Her strong Christian character and fearless bravery spoke of the kind of a woman who was shot for doing what she felt was her duty to her country.

Methodist Church Rally Day

The Rally Day services at the Methodist church last Sunday were very interesting and carried out in a most successful manner. The auditorium was beautifully decorated, the stars and stripes predominating. The morning congregation was large, and the pastor, Rev. H. L. Nichols gave a striking and practical sermon on the subject, "Is it worth while?" and by faultless logic and concrete illustrations proved that personal religion and church activities are well worth while from the stand point of time employed, effort expended, and cost involved.

The Sunday school, of which G. Ralph Harriman is the efficient superintendent, had a program that appealed to the patriotism and loyalty of its members and officers, 153 of which were present. Bernice Nash sang America, the Beautiful, with splendid effect, the regular lessons were studied in classes, and the session closed with a splendid Sunday school pageant under the direction of Mrs. D. L. Joslyn. Olive Stone represented the "Spirit of Rally Day" and addressed words of wisdom and counsel to the various characters as they took their places upon the platform about her. The eight graces of "Truth," "Hope," "Loyalty," "Punctuality," "Regularity," "Good-fellowship," "Love," were represented in garb and emblems by Gertrude Howard, Ethel Walker, Uldine Bennett, Grace Howard, Mattie Dudley. Doris Merrill, Grace Calef, Rosie Merrill, respectively. Tennis players and ball players from the atheletic grounds were impersonified by D. L. Joslin, Hiram Calef, Dwight Kilgore, Edie Emerson, the Golf-player by Ralph Harriman, Fishermen by Herbert Drew and Albert Starbird, Boy Scouts by Thelmer Joslin and Clarence Dyer, Camp Fire Girls by Marietta Nichols, and Evelyn Drew, the Teacher by Sadie Howard, Rag-a-muffin from the streets, Irvin Joslin, and the returning Vacationist by Irene Drew. All there were dressed to represent their part and received from the "Spirit of Rally Day" the practical instruction, which if followed will make the Sunday school for the coming year successful and effective in the largest degree.

The evening program was unique and deeply interesting. The Missionary hymn, O Zion, Haste, was interpreted by the pastor, who set forth the mission and message of the church as contained in the hymn to the world. Then with the church enshrouded in darkness, Miss Nash sang the six verses of the hymn, while seven young ladies robed in white, portrayed in pantomine the spirit of the song. Their graceful movements were doubly effective as the spot light was thrown upon them. The following young ladies participated, Mattie Dudley, Elsie Kimball, Rosie Merrill, Ethel Thompson, Ethel Walker, Irene Drew, Olive Stone, and were drilled by Mrs. Nichols for the occasion.

Baptist

The services in the Baptist church Sunday afternoon were well attended. At 2:30 the Sabbath school presented a pleasing program that included recitations exercises, songs and selections by the chorus composed of Hattie Judkins, Lillian Judkins, Myra Gammon, Louise Thomas, Grace Gammon, Homer Aldrich, Edwin Gammon and Chester French.

Autumn leaves, hyderangeas and dahlias made an effective decoration.

The usual church service followed with a sermon by Rev. G. Howard Newton. The attendance was 94.

Universalist

The services at the Universalist church Sunday afternoon were well attended. Rev. C. G. Miller gave a fine address. Marie Newton of South Paris was the soloist, rendering the transcription of "Rock of Ages" in a pleasing manner. Mrs. Agnes Morton was organist in place of Mrs. C. S. Akers who was out of town for the day.

A large number remained to the Sunday school program especially arranged by Mrs. Merton Kimball and others.

After the opening exercises two little girls, one with the American flag and the other with the Christian flag marched in and onto the stage. The school arose, repeated the two flag salutes and sang America. After the school was seated there were recitations by Henry Favor, Mary Favor and Emily Everett. Original paper on the Boyhood of Moses by Houghton Kimball and one on the Life of Joseph by Marion Downing. The History of the American Flag by Mrs. Alice Danforth, The History of the Christian Flag by Zilpha Prince. Katherine Gurney, violin, and Adeline DeCosta piano, rendered pleasing instrumental numbers.

Wrestling Show Coming

Kid Bolduc of Rochester, N. H., the world's wrestling wonder, arrived Tuesday for a ten day stop and has started training in the new quarters under cobblers' hall. He weighs 133 pounds and full of fight.

The local management has arranged for a show in Norway Opera House Thursday evening, Oct. 18. There will be the preliminary and semi-final with strong local talent and the main bout to feature Kid Bolduc, who agrees to throw any three of the best Norway or South Paris gamesters with no time limit. This combination will make practically three shows in one. Aspinall, Russell and Kid Stanley are expected to pull together on this challenge, one or all hoping to get the New Hampshire champion.

Kid Bolduc has offered to meet any wrestler in the world at 133 pounds. Soldier Katron is expected to snap up the challenge and settle the question here later.

The Missionary Society of the Second Congregational church will meet at the vestry, Wednesday afternoon, Oct. 17 at 3 o'clock. At 6:45 a covered dish supper will be served by the ladies of the missionary society and the sunshine class, in honor of Mrs. Horace Sanborn, who is about leaving for her new home in Portland. It is hoped all the friends of Mrs. Sanborn will be present.

District convention of Knights of Pythias will convene in the Norway Grange hall this Thursday evening, Oct. 11. Hamlin Lodge, South Paris, will confer the rank of Knight with a star team. Remarks will be given by the Grand Lodge officers. Supper in Concert hall at intermission about 10 o'clock. Knights from Bryant's Pond, Oxford, Stoneham, Waterford and Paris will be out in force.

Training quarters have been opened in the Cobblers' Club building near the shoe factory, where the local wrestlers meet for a work out. They have a mat, electric lights and heat, so feel confident the local sports looking for exercise can find a place there to show their talent.

The orchestra under the direction of Grace Dean, was composed of Grace Dean, violin; Walter Stearns of Norway, violin, Allie Cota, cornet, Frank Kimball of Norway, clarinet, Clarence Decoster of Norway, string bass and Azola Pike of Norway, piano. The program consisted of four selections by the orchestra, two vocal duets by Marguerite and Marion Lougee of Norway, and several readings by little Miss Hayden of Buckfield, who showed a good amount of talent for one so young. In her selection, "Nearer My God To Thee," which was accompanied on the piano by Grace Dean, and Mr. Stearns, violin, and sung by Mrs. H. E. Wilson, her gestures in the tableaux were especially interesting. Harold Thayer had charge of the program.

A SAFE TEST

For those who are in need of a remedy for kidney troubles and backache, it is a good plan to try Doan's Kidney Pills. They are strongly recommended by Norway people.

Wm. O. Needham, retired farmer, Main St., Norway, says: "At different times, when I have taken cold, my kidneys have become affected. Several years ago when I felt that my kidneys needed attention, I got Doan's Kidney Pills rom F. P. Stone's Drug Store. They strengthened my kidneys, ridding my system of the excess of uric acid and in a short time I felt much better."

The above statement was given July 24, 1908 and on June 6, 1916, Mr. Needham said: "I still endorse Doan's Kidney Pills and my confidence in them is as strong as ever. I occasionally use Doan's when I feel in need of them and always get fine results."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Needham had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

WORLD'S FAIR--NORTH WATERFORD

A Large Crowd Saturday

A Happy Children's Day

North Waterford village common was filled and crowded Saturday. It rained Friday and only a few were present, "mostly men" we were told. But Saturday the people were there in numbers. It was a jolly good place to meet friends. Fakers, yes, all from Western Oxford fair with perhaps a few added. Up and down the hill they walked from I. O. O. F. hall and Waterford grange hall to the midway at the four corners on to the dining room under the church.

There were very good displays in Waterford Grange hall, where the society had its hall exhibition.

Waterford Grange Exhibit

In the Waterford Grange exhibit we note: Lottie Morse had a crochet bureau scarf, filet crochet corset cover yoke and red woolen crochet jacket. Annie B. Hazelton, a black silk slumber robe embroidered with bright colored silks, pillow slips trimmed with broad hand knit edging and hemmed stitched, crocheted doilies, sofa pillow embroidered in green and orange, embroidered sheet and pillow slips and fancy aprons. Nora Abbott crochet mats and battenburg. Ella M. Lebroke, filet crocheted corset cover yoke. Hand made armlets by D. H. Lebroke and guest towel. Rilla Marston had wide crochet edging, doily, fancy bag, guest towels, four hooked rugs.

Among the grange farm products D. H. Lebroke had potatoes, mammouth pumpkins and canned goods, summer squashes. C. A. Marston, a big squash, pumpkin, cabbage, kohl rabi parsnips, tomatoes, carrots and apples. B. J. Flint, carrots and yellow corn. Lottie Morse and Nora Abbott, pickles. Ella M. Lebroke, 22 cans of as many varieties canned.

The Hall Display

In the general exhibit Albert Tripp had apples and squash; Mrs. Austin Hutchins, cheese; E. B. Hersey & Son, Lombard plums; Alfred Hersey, cut flowers; Leroy L. Hersey, phlox; Mrs. R. R. Nason, asters. Louisa Hersey, verbenas and sweet peppers.

R. M. McKeen had the largest kind of potatoes, beets, carrots, cabbage and seven different kinds of beans and apples.

Mary F. Dresser had embroidered pillow slips and a lunch table cover with tatted edge, center piece embroidered in blues, golds and green on light brown, filet crochet night gown yoke, a dressing sack embroidered with blue and square shaped hand embroidered center piece. Mrs. John L. Tubbs, a dress and skirt made by hand 73 years ago.

Mrs. Carrie Smith, Oxford, had a millinery display, also Mrs. A. L. Freelove of North Bridgton. The women were as a rule interested in looking at the hats.

Mrs. Albert F. Dill had a display of guest towels, doilies, sideboard scarf, pin cushions, sofa pillows, etc., all hand embroidered or knit, also hooked rugs. Stephen John Dill, aged 3 years had work; Eleanor H. Harriman, aged 7 years, a sofa pillow done in blue outline on white.

Lilla Stearns had a very fine handkerchief in Mexican work corner, tatted edge and Irish crochet collar, also guest towel; Hattie Heald, tatted collar; Evelyn Morse, aged 10 years, sofa pillow, blue cross stitch on brown, (a Dutch girl) and outline and embroidered doilies.

The Atherton Furniture Co. from their Norway store had Columbia Grafonolas and records and made music for the hall. They had the Glenwood ranges and heaters. "Don't be afraid to ask questions, that's what we are here for." R. O. Porter, the manager of the store and Ed. Burnell were kept busy with the questions. The salt and pepper shakes that they gave away as long as they lasted "took well."

Mrs. N. H. Sawyer had a silk embroidered woolen quilt. There were log cabing and hit or miss quilts and other patterns and a number of finely done hooked rugs hung about the hall.

Susie F. Gammon had a table of the loviest tatted edges, yokes and doilies. These were marked with their sale price. There were several pairs of hand knit mittens for men and children. Mrs. Fred M. McAllister had crochet yokes, trimming on guest towels, wide crochet and hand embroidered pillow slips. Addie Olmstead had fillet square and hand bag and star shaped doiley. Mrs. Sadie B. Pennock had sofa covers and doilies in crochet and embroidery. Belle Pennock, aged 12, had embroidery, handkerchief and pin cushion. Mrs. L. L. Pennock an outline splasher and doilies.

Vernon Judkins, a deer head. A. Van Bethel, had a display of canned home work done by the cold pack method. There were 84 cans exhibited. 425 cans had been put up this year so far. Tin and glass cans were used.

The North Waterford Red Cross Auxiliary had about 25 completed articles for the soldiers. A Red Cross bank collected silver.

Midway Sights

A fair without a midway show is on par with a circus without a bunch of clowns. The fakirs and side show people were all there, skimming the multitude for the last dime.

Our fat friend "Baby Jim", a personification of the beef trust, attracted many. He weighs close to 800 pounds and girts accordingly. Zisco, that strange girl, who has the medical profession guessing, made a hit with the country chaps. The Vampire Girl, the damsel that does everything to snakes except "eat them alive" was on the spot regardless of wet grounds. Al. R. Smith with his athlete show featuring Kid Dionne and a pair of female wrestlers held down the job until Saturday noon. Patronage was light, even a five spot failed to land any big fish and they cleaned out soon after dinner.

Harry Isaacson and Louie Block of Norway, also Niamey of Oxford, fitted sweaters and mackinaws, convincing people cold weather would soon make a base hit, these garments might prove more economical than fuel. Robert York, formerly of Norway, had a bowling alley which proved excellent cold weather exercise. Potato-Pete, the dodger, was a tempting bait for one looking for a "two-fer." Games of skill abounded everywhere, rings properly thrown might cop a nice box of candy for that best girl or small change to be spent later. Wheels with lucky numbers gave the winner a cart load of truck all for a dime. The "goldentina" man was the most generous one on the grounds, giving away "near gold" jewelry and easily dumping fifty cent fountain pens in consequence of his generosity. Hot frankfurts, ice cream, hot buttered pop corn from "Bridge of Bridgton," victuals of all sorts, oyster stews with coffee annexed were on every corner. Twitchell Bros., Oxford and S. Verenis, the Norway fruit men unloaded peaches, bananas and grapes.

The merry-go-round was the greatest of them all. This machine is owned by Prof. Linwood Flint, the man who made the porcupine famous and the Barnum of Oxford County. He smilingly collected the dimes from a throne within the ticket office while Bert Flint, Leon Newcomb, Cal. Cummings and Chandler Merrill rode round and round collecting fares, cranking up when the machine stalled and watching rough necks trying to beat the house. This outfit has been on the grounds only a few years, but is now considered a necessity by children from five to fifty summers. It is in every respect a home industry run by Waterford men. Practically every nickle collected remains in the neighborhood. The people appreciate it too and ride from sun rise until darkness. Prof. Flint would much prefer to take out a trained bear, a quilled pig or two and a package of waltzing mice under a canvas top where he could explain the deep mysteries of our Maine woods, but the youngsters are more willing to give up the pennies on the wheel than at an animal show, so Lin. falls in with the procession and caters to the public demand.

Ladies' Circle Served Dinner

The ringing of the church bell between eleven and two loudly proclaimed that the Ladies' Circle of the Congregational church were serving dinners in the the vestry.

Not quite 25 years ago the custom began and the circle has at each fair offered the public a generous repast fit for a king. The fame of Waterford's cooks has spread far and near, so the World's fair would not be complete without open house under the historical Congregational edifice and long tables furnished by the hospitable housewife.

This year the menu consisted of baked beans, meats, doughnuts, brown and white bread pies and all fixings that usually embellish their fine dinners. Charles S. Penley of Norway, baked the beans in the ground, a feat few hereabouts can accomplish satisfactory. Mrs. Myra M. Cheever, president of the circle was in charge, being assisted by Mrs. Augustus Manning, Mrs. Charles Saunders presided over the dining room, assisted by Mrs. Charles York and Mrs. E. B. Hersey. Fifteen of the parish young people served on the five tables and everybody received prompt attention. No confusion was observed, apparently the work had been well planned. Charles Saunders and Herman Holt were door keepers and Charles Hersey sold tickets to the number of 450, about the same as last year.

Mrs. Ezra Hersey stated the circle commenced to handle the fair work 22 years ago. It was a financial success from the start and carried on continuously since. Many workers have fallen by the wayside during that long span of years. So far as she can recall only six now remain who have labored from the beginning, they are Mrs. Charles York, Mrs. Augustus Manning, Mrs. Leslie E. McIntire, Mrs. Charles Saunders, Mrs. Sadie Holt and Mrs. Ezra Hersey.

Those who have patronized the circle during this period may rest assured their money has not been given in vain. One of the ladies commenting on the generous support from outside visitors made this remark, "If it were not for the income derived from these dinners each year, we never could support preaching in this church."

Live Stock Exhibit

This department was not largely represented owing to bad weather. Considerable stock arrived Friday, but did not return Saturday on account of the long distance, many exhibitors believing fair weather would not be on the list for several days.

Cattle that remained made a good showing, the quality being high and well represented the several breeds. The exhibit was widely scattered, several occupied the church horse sheds and the remainder were tied along the roadside beyond.

Walter Lord, Ernest Brown and Stanwood Wilson of East Stoneham showed several cows; Charles B. Leonard, Waterford, had a high grade Jersey bull, also a yoke of yearling steers; C. B. Lord had matched oxen; E. B. Hersey & Son, a fine yoke of yearlings and a high grade Jersey bull. Harland Littlehale of Stoneham made a good exhibit that included 2 year old and yearling steers. Thaxter Littlehale, Stoneham also had steers; G. G. Abbott, North Norway, offered one pair yearling steers and 2 yoke of two-years-old Durhams; Irving C. Morey, Albany, showed yearlings of the Durham stock; R. G. Stearns, Albany, had two-year-old Herefords and Hugh Stearns, Albany brought down three-year-old Ayrshires.

The Waterford Town farm entered a yoke of Holstein oxen that girted 7 feet, 3 inches and rugged. During the fair they were sold to Wilber Rogers, Norway Center. He looked over considerable stock before selecting this pair and considers the trade the best for miles around.

George Briggs of Albany was the only exhibitor of horseflesh. He offered a three-year-old mare and two-year-old colt, both weighing 1150 pounds and sound. Prizes were won on both.

While there were generous prizes for sheep, swine, poultry and town teams, nothing appeared in the several classes.

Committee of this department and awarding judges was R. R. Nason and Austin Hutchinson of Waterford, Ervin Hutchinson, West Bethel.

Pulling Match

Two classes appeared for the drawing match V. R. Mills, Norway, entered a pair each in the 2800 pound and 2600 pound classes, S. Westleigh of Mason did the same while Tom Westleigh of West Bethel started his pair only in the 2800 class. Five minutes was allowed for a heat.

The first load weighing 4718 pounds appeared too easy and enough stone added to make 6444 pounds. V. R. Mills, or "Bay" Mills started with his lightest pair but could budge the load only 10 feet, 1 inch. Frank Westleigh drove for his father, S. Westleigh, and made only 4 feet, 7 inches. This exhibition created little excitement and old teamsters growled mightily, they wanted to see something go. They claimed wet grounds and a heavy load would not mix. A consultation with the committee and contestants brought out an agreement to cast overboard a little ballast. The crowd got together and heaved a 1160 pound block away leaving on the drag 5284 pounds.

Things commenced to move to better advantage because of this change and the 2800 class gave the big ringside gathering something to talk about. Tom Westleigh opened a surprise on the others when with his pair he hauled the load 235 feet, 6 inches within the five minutes; his brother fell way off in his shot landing on the 37 feet, 8 inches mark. "Bay" Mills couldn't get started for several minutes and lost precious time seesawing about before a direct pull could be made. He reached 24 feet, 9 inches before time was called, coming against third money in this class.

The master of ceremonies in this exhibition were Geo. M. Stevens and Del. Pennock, both of East Waterford, while President McKeen handled the tape and made the announcements. The cattle pulling was omitted, few drivers appeared and for various causes the event did not materialize.

Pictures and Dance

The I. O. O. F. hall was the great attraction and hundreds journeyed up the hill where Shaw's five piece orchestra of South Paris furnished excellent music for dancing. This year the Odd Fellows carried on this part of the show under the direction of W. M. Brown who sold admission tickets beside keeping the large crowd interested.

Saturday afternoon the merry makers packed the hall like matches in a box, there being just floor room to waltz or two-step in a limited circle. Everybody bumped everybody else but no one cared, it was the World's fair day, so these trifles were easily overlooked. Corns were trampled to death in this awful struggle and dainty waists badly mussed. A large crowd continued the dance after supper until a late hour.

H. N. Bragdon of the Savoy at South Paris, ran an attractive movie program in the hall from 10:30 a. m., until noon, then again from 6:30 until 8 in the evening. Both shows were largely patronized and delighted all.

Things Seen and Heard

Louie Vigue handled the check room located in W. H. Ray's tailoring rooms.

Bert Flint has been treasurer of the fair association for 11 years. When he entered that office financial matters were not so easy as now as the ground concessions were hardly sufficient to meet the expenses. This year they had $81 which would easily carry them through without touching the latest income.

Waterford fair started 33 years ago with a cattle show. It was a small, but successful exhibit, everybody got excited over the event and carried it along from one generation to another, each successive management including and improving the fair.

Deputies Harry O. Stimson of Norway, E. F. Shaw, South Paris and Frank F. Woodsides, Fryeburg, were about watching for law breakers. Everything was on the level so they had very little active business.

Edward P. Harlow, 534 Congress street, Portland represented Cressey & Allen with literature setting forth the merits of their musical line. He was assisted by Ruth Freelove of Bridgton.

Fred (Cyclone) Gregg of Norway was on the grounds with his bowling alley, but didn't set up. The coat he lost between Farmington and Livermore Falls a week ago has not been returned. In the pockets were licenses that would come in mighty handy while the fairs are on.

Nathan Haltz of Boston, the novelty goods man appeared this year as usual. He is proprietor of a general variety store 1197 Tremont street and has his vacation following the down east fall shows. This year the proposition looked better than usual and he has been in Maine since July, following old home gatherings, reunions or wherever souvenir banners or badges would be needed.

Mrs. Hibbard, the fir pillow woman on the Bridgton, Fryeburg road was here. She has sold many dozen pillows the past season. She furnishes the Moose Bridge Cabin Tea Room with pillows. Of course I told her the signs at her house wasn't right and should be placed at least 400 feet away, saying in big letters "Fir Pillows for Sale Next House" with fist pointing the direction and at the house, "Fir Pillows Here." Do this and read the Norway Advertiser and she would be both busy and happy.

Riley McKeen was much over worked and Mel Knight was not to be found when I wanted to see him.

H. D. Smith of the Norway National Bank sold several thousand dollars o Liberty bonds and I got three new subscribers to this paper.

The bell in the Congregational church tower rang continuously for some hours calling people to the vestry where 50 cent dinners were served for the benefit of the Ladies' Aid Society. Over $300.00 was taken.

Thirty-five cent oyster stews and a lunch counter was in the Grange building as well as Mrs. Freelove and millinery and Randall Porter and cooking utensils Oysters and lunch netted right round one hundred dollars.

Tom Hastings said he was winding up

The World's Fair

(Continued from page 3)

this year's series of fairs at North Waterford. He was at Brockton, Mass., last week.

E. S. Plummer of Sweden, who has held the office of town clerk for the past 30 years with wife and an auto, were here. He is a relative of John F. Plummer of South Paris and Arthur Plummer of Bradford, Mass.

Lawyer Henry H. Hastings of Bethel was taking in the sights while Dr. J. A. Twaddle of the same town was examining a patient's crippled hand. The doctor related an amusing incident of replevining horses and harness with Pete Kilgore up in New Hampshire where in the King's Highway was blocked and John Lord was so frightened he was shook out of his teeth and boots. This was years ago.

Linwood Flint, the show king and world animal tamer, set in a coop and operated the financial end of the merry-go-round. He owns this useful piece of furniture and gives six rides for a quarter while Harry Brown's steam expert Littlefield, furnishes the power and blows the whistle. Mr. Flint wants to buy another machine. He has use for it. He'll get it ere long, too.

Three fingered Pingree of Albany fiddles no more or at least I didn't see him. Guess he and Uncle Green are "waiting in the shade of the trees," but the music and dance is just as lively and gay as 30 years ago.

"I don't see that small man who used to hold his hat in one hand and work harder brandishing a goad over his cattle then oxen did in pulling the load." This I overheard a stranger say. He evidently meant R. F. Morrill of Norway, who died last winter. It was great fun to see Rufe team cattle and pull out first prizes.

Ed Hutchins of Mud City and Harry Hutchins, North Fryeburg, was visiting with Cal Pride and others.

The little girl who thought an auto had broke her leg was mistaken. She was soon able to get about all right and listen to the music of the merry-go-round.

Dave Jordan and wife came out from their Albany home to see the children. Roy brought them out in an auto. Steve Cummings and family, Frank Beck and wife and Mrs. Dr. Littlefield were there and other relatives.

World's Fair Association got $90.00 in commissions and land rent.

Frank Morrill of Yagger in Norway was here with a bundle of goad sticks ranging in price from 30c to $1.00. He has attended four fairs, Lewiston, Norway, Farmington and North Waterford, and sold $75.00 worth this fall. They are made from live white oak got down near Gloucester line and is as good and withy as any that grows. John Wheeler of Albany says so and that settles it.

John Robinson of Oxford and his son, Joe, have some 20 farms s attered about in two counties. The Robinson farm in Oxford, south cant of Allen Hill is a model affair.

Harry Brown, family and friends set within the screen covered veranda and viewed the midway scenes.

C. E. Jackson's store was closed, but a soft drink and hot dog vender was working on the piazza.

Mell Wilber of Bolster's Mills and for the past three weeks manager of the Summit Spring Farm, Harrison, was wanted by a Mr. Cummings of Augusta, who made a commotion in finding him. Mell isn't over happy as farm boss even if the water is the best in the world and scenery unsurpassed.

Mrs. Herb. Adams and Mrs. Curt Bickford were seen. They are related by marriage and competitors in summer guest business and were sitting peacefully in the same auto and enjoying the surroundings. Harry Goodwin of Poplar Tavern, Bear River, came along and said he'd got to return and put his house to sleep for the winter. Mr. Goodwin is also related in some manner with the above.

I haven't seen Ben Brown this summer. I fear prosperity has so stuck him up that he will not appear in public places. He is the pioneer in Big Kezar Lake business, where bass always and salmon sometimes bite.

Mr. and Mrs. Will Farrington of Center Lovell invited Mother and I to visit them. As we are big eaters I am expected to telephone the day before coming. They report doing a good business at the "Farrington" the past season.

Chas. Fox and friends of Fryeburg were seen. He said that Eben Fox was at Brockton last week. Eben's brother, Frank, had some horses there which his father wanted to see. This was the excuse for Eben skipping the Fryeburg cattle show.

B. F. Stanley of Harrison, 87, was here and listened to the bustling activities. His grandson, Arthur A. P. Stanley was with him and guided the auto. Geo. F. Stanley had his eyes on some nice looking cattle when I passed and was quiet and well behaved.

Steve M. Abbott of Northwest Norway with two pair yearling and one pair two-year-olds, took a dozen to the fair. The George Abbott tribe had a family reunion and picnic dinner near the church.

Walter Chandler did the official reporting and Mother the bossing and thus ends the story of the World's Fair for 1917.

KEZAR FALLS.

On Tuesday, the 25th of Sept., the ladies' circle met at Grandview, the lovely home of Mr. and Mrs. John Quint's. The cordial welcome, the beautiful surroundings, the perfect September weather and the congenial company all combined to make the day one long to be remembered.

Miss Gray, the teacher of the Grammar school, Parsonsfield, during recess has taught eight little tots the art of knitting. It has been a labor of patience and love and the children have helped to make it worth while by their absorbtion in their work.

The Ladies' Circle feel very grateful for the liberal patronage accorded the Harvest Supper on the evening of Sept. 27th. The supper was followed by a very interesting stereopticon lecture given in the interests of the Circle by Rev. J. M. Frost, D. D.

Auction at F. H. Downing's, East Oxford, Me., Tuesday, October 16, 1917. Will include stock, farming tools, whiffletrees, household goods, etc. Lunch at noon.

NORTH WATERFORD

The World's Fair Sidelights

The officials this year were Riley McKeen, president; Melvin Hutchinson, vice president; Melvin Knight, sec'y., and supt. of grounds; Bert Flint, treas. Financially the association is solid as a rock and have a little nest egg left after paying the yearly premiums.

Deputy sheriff Charles H. Davis of Bethel, the famous "booze car" officer, was on the spot Saturday, but detected very little of the Berlin essence. It was a dry fair in this respect.

Leslie E. McIntire asserts that Waterford is the only town in the state where a free street fair is held yearly and ground rent can be collected without a complaint.

Three to four thousand people is the average attendance on the big day. An old timer who is in the position to estimate carefully stated five thousand or more visited the square Saturday. Four hundred autos lined the streets, vacant lots and door yards. They beat out the teams two to one.

The good old days when drinking was the rule rather than the exception are gone forever. Twenty-five years back King Alcohol stalked up and down the square seeking whom he might grapple. He also visited the stretch of road beyond Lynchville where "hoss trotting" for oats was carried on. Jacked up in the pines nearby would be a barrel or two of home made beer with a powerful flare back in every glass. Everybody would mellow up or become so violent a dozen sheriffs were needed to subdue the riot. This condition is no more and those who are in control of things have cleaned up the booze business, making the World's Fair a safe gathering place for all.

PUBLIC SAFETY MEASURES

Citizens' Patriotic Duty

Volunteer workers of the Food Conservation campaign in every state in the Union have been committed to do their utmost to cooperate with the Liberty Loan forces.

We are asking the people for National service in saving and increasing the Nation's financial resources, and the other aiming to conserve its food supply should be dated simultaneously. The Government will require money with which to buy food for our armies and to lend to our Allies for the purchase of food. Therefore, the Liberty Loan. The Government must also find food available for purchase, therefore, family enrollment for food saving. The interest of these two campaigns interlock. Both must succeed.

Hugh Pendexter, member Co. Committee for Norway.

Robert F. Bickford, chairman of the Norway Food Conservation Committee, will distribute pledge cards for the citizens to sign covering a period from Oct. 21-28. Each person is expected to conserve every article of food during the time and eliminate all waste. This action is in conjunction with the National Committee. Norway High School News

The Debating Club has held its first meeting and elected its officers for the year, President, Arthur Bartlett, '18; Secretary, Adeline DeCoster, '18.

A large number of pupils are interested in this work and many interesting debates are planned for this winter. Probably the first subject for debate will be "Resolved that Norway High School should have one session."

The French students of the high school were privileged to have Dr. Paul of Portland lecture to them. He worked with both the first and second year classes; he has an interesting and convincing manner of presenting his subject of which he certainly is master. Dr. Paul has private classes at Portland in which he uses the direct method entirely. This method is now used at Norway High and is a great improvement over the old method.

The hearts of all have been deeply saddened by the death of Irene Lewis of the class of '21 on Monday morning, October the eighth. Although she had been so short a time with us, Miss Lewis had endeared herself to teachers and schoolmates alike.

Payne-Powell

Charles Robert Payne, son of Mrs. Myrtle Payne and Hazel Powell, daughter of Mr. and Mrs. Edward H. Powell of Norway were united in marriage Tuesday evening at the Methodist parsonage by Rev. H. L. Nichols.

Mr. McDonald is a member of the state police and building inspector of the district that includes Haverhill, Lawrence and adjacent cities. They made the trip by auto.

Will those having second hand clothing, shoes or underwear for men, women, or children send the same to Etta Noyes, superintendent of charity for the W. C. T. U.? It will be distributed where most needed.

Fred (Cyclone) Gregg has opened a hot lunch counter in the vacant store adjoining Walter Luck & Son, grocers.

Mr. and Mrs. Grant Abbott returned Sunday from Upton, bringing a deer with them. Mr. Abbott, who has been ill, is gaining.

Francis Andrews, son of Mr. and Mrs. Herbert E. Andrews, went to Ayer, Mass., Saturday and entered the Signal Corps in the wireless and telegraph department.

The Y. P. C. U. of the Universalist church will hold its first Devotional Service Sunday evening, Oct. 14, at 7 o'clock. The topic for discussion is "The Devotional Meeting, How to Make it a Success?"

George L. Curtis and wife were called to Houlton Thursday on account of the serious sickness of their daughter, Mildred, who is teaching in that town.

Irene Olive Lewis

Irene O. Lewis, 14 years, eldest daughter of W. Arthur and Mary J. Kenneally Lewis of Norway, passed away Monday morning, October 8, at 9 o'clock after being ill a week, the effects of hemorrhage from the lungs.

She was born in Norway, May 11, 1903 and christened in the Saint Catherine church, South Paris, Mrs. Sadie J. Abbott being her Godmother. In 1914 she was confirmed in the same church and has been a constant worshipper at all of the services.

Being a child with keen perception, Irene passed rapidly through the village school grades and entered Norway High in September. She had ambitions for the future and settled down to hard work when the fatal attack came. As secretary of the Minnehaha Campfire Girls, she labored faithfully to fulfill the duties properly and acquire practical knowledge in the craft. Her thoughtful courtesies to the members can never be forgotten. Though not robust, this out-door life was expected to give strength, apparently her health had improved, and the last illness came as a shock to all.

She passed her life in Norway except when vacation visits were occasionally made with relatives in Massachusetts. Her early years were spent in Olive Woodsum's home. When a small child the instinct to be helpful was apparent and an ability to serve proved a valuable help many times during sickness in this household. She is survived by her parents, one sister Alice, and two brothers, Francis and Fred.

Requiem High Mass was held in Saint Catherine Church Wednesday morning at 9 o'clock, Rev. Fr. Philip J. Boivin officiating, assisted by the choir, Mr. Fitzpatrick of Mechanic Falls, organist. The church was crowded with sorrowing friends. Lake Temple Pythian Sisters No. 45 attended in a body, Norway High freshmen also attended accompanied by Principal Percival E. Hathaway and assistants, Minnehaha Campfire Girls were present together.

Bell-Cummings

Edna Cummings, daughter of Mr. and Mrs. R. L. Cummings and James Weston Bell of California were married Saturday October 6, at noon in the home of the bride's mother, Mrs. Flora Cummings, Fore street, Oxford. The ceremony was performed by Rev. C. I. Spear of Livermore Falls, formerly of South Paris and the double ring service used. An evergreen arch and back ground of autumn leaves and ferns made a pretty setting for the ceremony. The bride was gowned in white voile with white silk and lace trimmings and given away by her mother. Melissa Twitchell played the wedding march.

After the ceremony the couple were taken to Waterford fair and received congratulations from acquaintances whom they met about the grounds.

A reception was held in the evening at the home of the bride's aunt, Mrs. Elmer Twitchell, Fore street, from 8 until 10. In the receiving line were the bride and groom and Mrs. Flora Cummings, with Nora Dunham and Mrs. Mildred Cole of South Paris as ushers.

After congratulations had been received and a social hour enjoyed, refreshments of fruit punch, fancy crackers and cookies were served. Melissa Twitchell dipped punch, Chestina Twitchell and Laura Brooks acted as waitresses to the guests. Flora Brooks, an intimate friend of the bride, was in charge of the wedding cake made by Mrs. Cummings and cut by the bride.

Between sixty and seventy attended, they came from Upton, Woodstock, Paris, Oxford, Lewiston and Norway.

The gifts were numerous and expensive, they included cut glass, linen and money. A set of solid silver dessert spoons from the Delta Alphas Sunday school class of the Deering Memorial church, South Paris, and a generous check from her father, R. L. Cummings of West Paris were included.

A brother, Alanson Cummings, seaman of the U. S. battleship Texas was unable to reach here until Sunday and this proved a great surprise to all as his home coming was not expected.

Mrs. Bell has always lived in Paris and vicinity and is well known. She is a member of the Deering Memorial Methodist Church, South Paris, a valuable worker in the Delta Alphas class and a young lady of strong Christian character.

Mr. Bell is a native of Merced, Cal., and a young man of integrity. He is an experienced tractor engineer commanding good salary and has a home ready for occupancy. He has come under the draft but has not learned the results of the board's decision.

Printzess Week

OCT. 8 — OCT. 13

The Nation Wide Fashion Event

During this week the style appreciating women of America, from the Atlantic to the Pacific, and the Great Lakes to the Gulf, will make it their business to visit the Printzess store in their City to see for themselves just which models of the designers of women's outer apparel have been adopted.

It is a Style Occasion of Importance

Our Garment Department is at the Height of its Attractiveness During Printzess Week, and extends you a cordial invitation to visit it.

We have for your inspection a choice selection of fashion's latest decrees in

Fall and Winter Coats and Suits

Our Printzess Coats are very popular with every one, the handsome materials, rich colorings and the novel effects in collars, belts and pockets go to make up the splendid style that characterizes these garments, and then the prices are more reasonable than you'd expect this season, in fact they are more reasonable now than they can be later on in the season.

Printzess specials at $21.00, $22.50, $25.00, $28.00 and $35.00.

Other Special Coat Values from $8.50 Up

An Interesting Story

The general impression that women's coats and suits are much higher priced this fall is largely overestimated. As a matter of fact, there is very little difference in the cost. It is quite true, all materials and labor are more expensive, but conscientious tailors (the only kind from whom we buy) have maintained the high quality of garments at nearly the same prices, by eliminating extra furbelows. The full amount of the expenditure goes into the garment proper.

You will find them a particularly pleasing lot at most reasonable prices.

Suits priced from.....$12.50 to $28.00

Mrs. Annie Day, Mrs. Mabel Rowe, Mrs. Elizabeth R. Whitman and Mrs. Kelly enjoyed Monday at Pine Point Cottage, when they celebrated together their several birthdays.

Sunday was Harvest Day and Rally Day at the Baptist church. The vegetables and fruit were given freely and the decorations were fine. The Grange came as a body and at noon the mothers and babies came for the Sunday School exercises. Altogether it was a most enjoyable day.

Harvest Supper

When we looked upon the bountifully supplied tables Tuesday evening, Oct. 8, it was hard for us to realize that there is a scarcity of food in many lands and for a time we forget all about the high cost of living which confronts our nation today.

Under the auspices of the Baptist Church and under the directions of our loyal pastor and wife, Rev. and Mrs. Eugene Stover, the annual harvest supper was held in the parsonage barn, this being a novel feature and added charm to the occasion.

At one end of the clean, well lighted barn, the vegetables were arranged against a back ground of tinted Autumn leaves and clusters of oats in the shooks and strands of old fashioned yellow corn.

Underneath these were arranged a goodly display of potatoes, onions, beets, carrots, turnips, cabbages, pumpkins, squashes, tomatoes, apples, plums and canned fruits, largest pumpkin presented by Alton Dunham, largest cabbage by Prof. Wiske.

Although Mr. Wiske is proficient at the piano, and is well known here as an instructor of music, he has given us a demonstration of food farming, says he always wanted to be a farmer and we are glad he has chosen our town to settle in, for this old world is sadly in need of good farmers.

After more than 100 people were served with a supper all who loaned a hand toward it, from chef and pastry cooks down to the well trained table girls, the local band played a selection after which the selling of the produce was taken up by A. M. Chase as auctioneer, assisted by Rev. Stover, Mrs. Freeman and Mr. and Mrs. Horatio Bryant. Harold Gammon bid off the big pumpkin, 50 pounds, and Ted Chase the big cabbage, 15 pounds.

After the vegetables were sold the band played several selections. This passage of Scripture "render unto Caesar the things that are Caesar's and honor to whom honor is due" always appealed to us and we think it is due our local band when we consider what it means to get together and practice and some of them drive several miles to band practice and what it has meant to their leader, A. M. Chase to give his time and help them all he can. We can but appreciate our band and feel some little pride that we have one and let us hope that in the future we may be able to show our appreciation in a financial way, as they have to all bear their expenses individually.

A goodly sum was realized from the proceeds and all enjoyed the evening.

Duke Thompson from Lake Hopatcong, N. J. visited at his old home here last week.

Raeburn Hathaway returned to his school at the University of Maine, Tuesday. He was accompanied by H. Otis Noyes, who is to take a two years' course there, preparatory to a professional course at some other institution.

Rowley Corner

The road crew spent some time on our highways here last week. We are duly grateful for their good intentions, but fail to appreciate the deep bars dug across the roads and the things we feel and sometimes say when riding through these places would hardly do to print. We also fail to appreciate the "Old woman with her spoon" method of mending our ways especially when cobble stones are scattered in the wheel tracks instead of earth. All ready we are sore and those who rode more are calloused from bumping over rocks.

Mr. and Mrs. John Martin of Bridgton visited relatives here during the fair.

WEST PARIS

Rev. Wilber F. Berry, D. D. of Waterville, who spoke here Sunday, was very much enjoyed. The presentation of his work in the State Civic League was very instructive and interesting. Dr. Berry has had wide and various experience in his dealing with the lawless and is a man with tact that can deal with it as few can. He supplied the Baptist pulpit in the morning, going to North Paris in the afternoon with Rev. L. W. Grundy and spoke in the Methodist church there, then here again in the evening to a union service under the auspices of the W. C. T. U. A union ladies' chorus led in the congregational singing with the addition of two good voices from South Woodstock. Miss Simpkin, the school teacher, and Miss Dacy, a blind girl, who is visiting there who kindly came on invitation and sang a duet and Miss Dacy sang a solo accompanied by Miss Simpkins, which added much to the musical parts.

Norway-Waterford School Notes

Supt. T. C. Morrill offers the following facts and classifications concerning Norway schools: Total number enrolled, 587. High school, seniors, 21 with 1 tuition student; juniors, 20, with nine tuition students; sophomores, 44 with 6 tuition students; freshmen, 59, with 7 tuition students. Total, 146 and 23 of which are tuition students.

The village grades are divided as follows, 38 pupils in the 8th grade; 34 in the 7th; 32 in the 6th; 34 in the 5th; 40 in the 4th; 41 in the 3rd; Upper primary, 42; Middle primary, 34; Lower primary, 26, total, 321.

In the rural schools there are 10 pupils at Sodom, 20 at the Center, 14 at Norway Lake, 27 at Crockett Ridge, 16 at Swift's Corner, 12 in the Chapel neighborhood, 9 at the Pierce school, 12 in the Holt district, total 120.

In Waterford the 133 pupils are divided as follows, East Waterford, 14; Temple Hill, 15; Waterford Flat, 3; South Waterford, 31; Plummer Hill, 8; North Waterford, 51; Bisbeetown, 12.

The Crockett Ridge school, Ruth Holgate, teacher, is not only the largest rural school in numbers, but a pioneer in rural reform. During Miss Holgate's term of service, inovations have been added for the comfort and health of the scholars. Warm dinners in winter prepared on an oil heater, with scrupulous care given hands and face have materially increased the school efficiency and general health of each pupil. Through the teacher's efforts, a play ground 80x80 was given by Albert Richardson and men, women and children cleared the wood growth, leveled the hummocks and carted in rocks to fill marshy places. Further expansion will be out of the question until different quarters are provided. There are 27 scholars and 29 seats, so with the heater, the cullinary department and regular necessary teaching equipment the total floor space left for play or recitations would scarcely equal a New York hall bed room. The pupils are doing great work in their studies and are backed to the limit by their parents. There is little prospect that the attendance will grow less within a number of years, so this question of restricting progress for lack of room should command our attention. It can't be too liberal with the growing child along educational lines. They are not only destined to become our nation's defence in war but a strong factor in keeping the country intact during moral and industrial tempests which are sure to arise not many years hence.

The Progressive Road to Reading, a widely accepted system, has been installed in the grades. Supt. Morrill did not stampede on this idea but tested it two years at Crockett Ridge and the Middle Primary with wonderful results. The child who is unable to recognize a letter in the alphabet soon acquires the reading habit and at the end of a few months can boast of a 243 word vocabulary against perhaps 80 words under the old method. He secures this by story, acting and suggestive teaching aimed at his imaginative mind. To illustrate rapid results from this revolutionary method, a Polander entered the Mexico (Me.) schools unable to read English, within a few weeks had been given his book and handled the subject matter on par with pupils acquainted with our language from birth.

The warm lunch idea is considered a rural necessity. The town provides the oil stove and each pupil furnishes vegetables, eggs, cream and other things to their taste, together with a quarter each month for certain groceries and fuel. Swift's Corner is provided with an outfit and one will be set up at the Center.

As a result of a kindergarten canning demonstration at the Crockett Ridge school, a pupil, Winona Young, aged 9, daughter of Mr. and Mrs. William F. Young, put up 72 cans of preserves this summer and received a liberal reward for the exhibit at Oxford County fair.

In the village fourth grade taught by Mary L. Whittredge, seeds were planted indoors during cold weather and the germinating carefully observed. At the close of the spring term, many seedlings were transplanted and given proper care through the summer. A corn, potato, squash and bean display now on exhibition in that room is a convincing argument in favor of the practical things and less speculative study that has bound up our Maine schools in the past.

So called canned music is supplementing the vocal instruction and several schools are supplied with a machine and disk records. The combination is used as an accompaniment, for marching and to impart the knowledge of high grade compositions. Swifts Corner has one recently installed, eleven dollars toward the expense being raised by the school. Entertainments and self denial produced that amount and the pupils appreciate it too.

Heads were shaken and several wise acres considered illiminating the ninth grade a rank sin. It was no doubt providential the school committee were unable to secure the Congregational church vestry for the third grade this year. That place has its use but never built for day school purposes and was accepted only to solve in a measure the congestion problem. In pruning away the aforesaid grade they have secured the room in the high building and the students are to profit through a readjustment in courses. Another change for the better is the two division arrangement in the grades which assists both the mentally alert and the unfortunate few who drag their heels or through various causes are unable to follow their mates. When this system becomes well lubricated we believe all will conceed that Superintendent Morrill "builded better than he knew."

Mrs. Adela S. Adams

Mrs. Adela S. Adams, widow of Col. John M. Adams, passed away during the night Wednesday, Oct. 3, at the home of her daughter, Mrs. Henry True Hooper, in Portland.

For the past twenty years, she has passed the winters in Florida. Mrs. Adams is remembered by many of the older residents of the town.

Phineas Curtis has exchanged his place on School street with S. H. Downing for his farm in East Oxford. They plan to move within a week or ten days.

Mr. and Mrs. James B. Frost and daughter, Mrs. Walter C. Smith, who have been spending a few days at Poplar Tavern at North Newry, returned home Friday. Harry Smith accompanied his mother and James spent the week with Mrs. Charles Pike.

Fifty-four dollars was realized from the recent harvest dinner and supper by the ladies of the Universalist church.

YOU ARE TAKING BIG RISKS

Horse drawn vehicles should have their lamps trimmed and burning when on the highways after dark. It is the only safe way.

I recently went to Round Pond after dark and passed six teams and only one had a light. It is positively dangerous. The driver of a car cannot see the dark object until it is too late, if he is running at any speed, and the horse drawn vehicle has no protection in law whatever, if he gets smashed in the dark.

Better have lamps lit. It is safer. Don't neglect or forget about it. Conditions of road traffic is different now than ten years ago. Remember it. Light your lights!

HARKEN BACK ON THE PAST

Friday morning the Grand Trunk engine and a gas car, came in contact on the Norway Branch. An engineering crew who came down the line Thursday night in a gas car, had some engine trouble and were obliged to stop off at South Paris and took a run over to Norway for the night, to make repairs. Friday morning they were pushing their small car from the siding to the main tracks, before starting their engine, and the Grand Trunk engine that had been shifting freight cars on the back track appeared from behind some cars, and picked up the gas car, pushed off the rails onto the end of the bridge, nearly demolishing it. The crew left by the first freight down the line, leaving the remains of their car in the freight shed. No one was injured.

A. E. Pettingill and family are in Lynchville for several weeks visiting at Henry Plummer's. They plan to go into camp for a short time before returning.

At the meeting of Mt. A committee was appointed consisting of Miss Charlotte Lovejoy and Mrs. Eva Kimball.

Hazel Carver, who was injured in the Elm Hill auto accident, has been discharged from the Trufant hospital and returned to her home where she is gaining rapidly

Frances Bartlett, the oldest daughter of Mr. and Mrs. Charles Bartlett of Andoved, formerly of East Stoneham, gave her people a great surprise when she telephoned them to meet her in Portland. She enlisted with the British army as a Red Cross nurse and has been "Somewhere in France." She was honorably discharged and has now enlisted in the American Army as nurse again, and goes back to France when called on. Miss Bartlett is looking fine, and seems very enthusiastic over her work and wants to get back to it again. Miss Bartlett is a graduate of Norway High school.

LOCAL PICK UPS ON WHEELS

I recently visited the spool mill being erected by the Elliott and Bartlett Co. at Andover, Me. Charles Bartlett showed me and explained what was expected to be done. When it was to be accomplished, he did not know, but hoped to get to making spools in six weeks.

Building now is a slow job as it takes so long to get orders filled, especially where iron is required. They were putting in the steam piping for dry house and heat. The boiler was on the ground, but not in position.

The mill is located about half a mile from Andover postoffice on the road to Number Four, a few rods after crossing the bridge where J. Lyman Riply used to operate.

Plenty of white birch in the near vicinity. Enough to supply their demand until birch grows again in East Stoneham.

The Elliott and Bartlett Co. expect to employ 25 or more hands and double their former output.

I looked into the store window of E. E. Flood at Farmington the other evening. He has a big store and if all the visible boxes contained footwear, has an immense stock. The store looks neat, trim and orderly like Gene Swett's at Norway and I wonder if Flood ever worked for Swett and learned his way of doing business.

Am told that Mr. Flood is doing a big business and making money. His store is on Broadway.

I was able to find only two streets here: Main street and Broadway. Maybe there are others, as it was in the night and the lights on these streets outshown all others. It certainly looked metropolitan. F. E. McLary guided me and I got round all right and learned that 12 1-2 cents per mile was the usual price charged for a Ford livery car.

This was the last night of the Farmington Cattle Show and something was doing in hotels and show places. I was fortunate in getting housed at Mr. Gushee's, which is a bit off Broadway and opposite Jordan's Garage and within ear shot of a bowling alley. Nice people, big house and large rooms next the fine residence of the late John M. S. Hunter and not far from Monument Park. Mrs. Hunter recently sold this place and is now living on South street. I did not see her.

At one place on Broadway I counted 17 overhead swing signs and was unable to find Mrs. Harry Brown's millinery establishment. I noticed a few crumpled hats in a window opposite where I was standing and following up the trail, discovered Hazel Bicknell of Norway in the rear end of the shop sewing loud colored ribbon and feathers on a hat. Hazel's sister Eula daily balances the cash in the Advertiser office and it was only natural I should look up the family and see how they are prospering.

Those swing signs are something fearful in so pretty a village as Farmington. Such useless decorations should not be allowed and would not be if the people could realize how much better their city would look without them. Come over to Norway and be convinced. I am, however, ashamed of our speed limit signs doing duty on telephone poles over that short bit of cement street. Please forget them.

Gene Brown of the Chronicle tells me he is thinking of putting in a full grown type setting machine in the place of the linotype junior. Good idea!

Mrs. C. W. Keyes was seen gathering items and making copy for the paper her husband so ably edited years ago. Large sized framed portraits of Capt. Keyes and Mr. Hunter grace the walls of the editorial room.

Knowlton, McLeary & Co. publish School Classics for the world and do an extensive business. Mother and I were shown through the plant by Mr. Goodwin the manager. It surely is some big office for a country town. They have the latest model No. 14 linotype with electric melter and more than a half million copies of Classics on hand.

Henry B. White of the Journal was busy but took time to show me round his well arranged office. He gets out two editions per week, Tuesdays and Fridays, and covers the local field like a blanket, also put out Associated Press news on a bulletin board by the entrance door.

Thirty thousand people are said to have been on the Fair Ground Wednesday. I cannot vouch for the truth of this as I did not count them. It must have been some job to have got them in and out of one gate without serious accident. This was done. I pass over the congested condition of Farmington hotels, restaurants and sleeping places for those three days and wonder how they cared for so many people.

Mrs. Eva M. Kimball, chaplain of the Rebekah Assembly, has been chosen to represent Mt. Hope Rebekah Lodge at the Rebekah Assembly, which will be held in Portland Tuesday, Oct. 16, during Grand Lodge week.

Irving Perrault is the boy who keeps his eye out for the early and late berries. At an early date he brought to this office the first strawberry plant found in full bloom and Saturday, Oct. 6, showed us a plant blossomed out which he found by the shoe factory. He had also found a full ripe strawberry.

A Medicine for Women

For Forty Years Lydia E. Pinkham's Vegetable Compound has Relieved the Sufferings of Women.

It hardly seems possible that there is a woman in this country who continues to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, proving beyond contradiction that this grand old medicine has relieved more suffering among women than any other medicine in the world.

Mrs. Kieso Cured After Seven Month's Illness.

Aurora, Ill.—"For seven long months I suffered from a female trouble, with severe pains in my back and sides until I became so weak I could hardly walk from chair to chair, and got so nervous I would jump at the slightest noise. I was entirely unfit to do my house work, I was giving up hope of ever being well, when my sister asked me to try Lydia E. Pinkham's Vegetable Compound. I took six bottles and today I am a healthy woman able to do my own housework. I wish every suffering woman would try Lydia E. Pinkham's Vegetable Compound, and find out for herself how good it is."—Mrs. Karl A. Kieso, 596 North Ave., Aurora, Ill.

Could Hardly Get Off Her Bed.

Cincinnati, Ohio.—"I want you to know the good Lydia E. Pinkham's Vegetable Compound has done for me. I was in such bad health from female troubles that I could hardly get off my bed. I had been doctoring for a long time and my mother said, 'I want you to try Lydia E. Pinkham's Vegetable Compound.' So I did, and it has certainly made me a well woman. I am able to do my house work and am so happy as I never expected to go around the way I do again, and I want others to know what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. Josie Copner, 1668 Harrison Ave., Fairmount, Cincinnati, Ohio.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

CHRISTMAS GIFTS FOR AMERICAN SOLDIERS

The time is approaching to give thought to bringing Christmas cheer t the American soldiers and sailors abroad.

Arrangements have been perfected whereby the Christmas mail to the American expeditionary forces in Europe is to be delivered Christmas morning. With out the fullest co-operation on the part of the public it will be impossible to accomplish this result

The three essential respects in which the public can aid in assuring a happy Christmas at the front are: Mail early, address intelligently, and pack securely. For this reason it is urgently requested that all persons having Christmas mail for the soldiers and sailors and the civilian units attached to the army in Europe observe closely the following directions:

1. Mail to reach the soldiers in France by Christmas morning must be posted not later than Nov. 15.

2. Every package must bear conspicuously the words "Christmas mail," the complete address of the person for whom it is intended, and, in the upper left-hand corner, the name and address of the sender.

3. Every parcel must be so packed and wrapped as to admit of easy inspection by the postmaster. No parcel will be dispatched to France which has not the postmaster's certificate that it contains no prohibited articles.

Oxford Bear Fruit

The Oxford Bear Association report between 50 and 60 per cent of an average apples crop this year. Picking of what fall fruit they had has been done and work on the winter varieties will soon begin. Wilson Conant one of the members of that organization reports that he will have quite a crop of Northern Spys, probably a car load all told. He expects at least $5 a barrel for them. Baldwins are ripening well and the quality of them will be good.

Owing to the unsettled conditions and the fact that there is an embargo on shipping fruit the Oxford Bear Association is selling theirs in the orchard realizing from $3 to $4 a barrel F. O. B. at the station. On picking the fruit it will be taken directly to the railway. Only a small per cent will be put in cold storage.

E. E. Conant salesman for the Maine Fruit Growers' Association has recently been away looking up the market and distribution for 25,000 barrels which he will place the fruit going from the orchards. Prices from $3 to $5 according to the variety and quality will be sought.

The recent lifting of the embargo on fruit to the European countries is limited according to reliable information. Permit has been given to ship only 10,000 boxes of fruit across for the soldiers. A home market will be secured for the eastern product at least as box apples are a product of the west almost entirely.

Shrewd Buyers Don't Ask How Much It Costs—But How Much They Save

Saving on groceries is getting to be a habit down this way.

Join the procession today.

SPOT CASH DRAKE

If you don't know the location ask the first smiling person you meet. Its dollars to fudge that they have just come from the store.

This is Daisy Baker's Mother. Her hints and suggestions on household economy and home baking, which will appear in these columns from time to time, will be found of interest and value to every housewife.

What Can You Do to Cut Down the Cost of Living?

"Start in with baking at home. It's easy to make good bread—better than you can buy—and you'll be surprised how much you can save.

"What you save on the cost of the bread is only half the story. The better your bread, the more your family will eat, and, in eating more bread they will naturally eat less of other more expensive foods.

"There is twice as much food value in a pound of flour as in a pound of meat—and the meat will cost you probably five times as much.

"All you need is a good recipe and a good flour—these two things are essential.

"One of the best flours that I know—one that I have used in my own baking for years, is made in Ohio—right in the Miami Valley where the rich limestone soil produces a soft winter wheat of peculiarly superior quality.

"Ask your grocer for a sack of

WILLIAM TELL FLOUR

"It's easy to work with; you can use it for everything, and it gives a most delicious nutty flavor to your baking.

"Try it in your own home."

A very pleasant occasion was that Mrs. Ann P. Libby, better known by her friends as Aunt Ann, celebrated her nintieth birthday at her home in Locke's Mills.

There were many guests, and a bountiful picnic dinner was served to them, followed by ice cream, cookies, cakes, fruits and candies; and special mention should be made of the large birthday cake made by her oldest granddaughter, Mrs. Albert L. Pike of Norway, and decorated with ninety red, white and blue candles.

Those present were: Mrs. Elizabeth Demond, Mr. and Mrs. Walter R. Swift, Mr. and Mrs. Harry Swift and children Pauline, Ridney, Harriette and Janette, Miss Marian Swift, Mrs. William Smith and eight weeks old daughter, Martha Elizabeth all of Locke's Mills, Mrs. Albert L. Pike of Norway, Mrs. William H. Emery of Keene, N. H., Mr. Arthur C. Swift of Fall River, Mass., Annie B. Bennett of Portland, and Mrs. Lena Rand and Esther Littlefield of Locke's Mills.

One son, Mr. Cullen Swift of Fall River, Mass., and three grandchildren, Mr. Gerald E. Bennett of Tilton, N. H., Miss Anne Swift of Fall River, Mass., and Mrs. William S. Peek of East Dedham, Mass., were unable to be present.

Aunt Ann received many useful and fancy gifts and money, one being a gold piece from her granddaughter, Mrs. Wm. H. Emery of Keene, N. H., also a beautiful bouquet of pink roses from Mr. and Mrs. E. P. Slye of Boston, Mass. She received over one hundred post cards and a dozen or more birthday booklets. One of the birthday gifts was a book for the names of those who called during the day and this was well filled for many of her friends came to wish her many happy returns of the day.

Aunt Ann is a remarkable woman in that she is able to knit, sew, etc. without the aid of glasses and in spite of a little lameness gets about the house very well, and has taken several automobile rides within a short time, one being to attend church, and she is now planning to go to Norway by auto to visit with her granddaughter, who lives there.

BUCKFIELD FAIR

$300 for Red Cross

There was a good attendance at the Red Cross Fair at Buckfield, Friday. The people patronized the various departments and everybody was happy and it proved to be a big success.

The hall exhibit was the center of interest and no finer display has been seen at any place than was exhibited here. On the left of the entrance was the exhibit from Highland Farm, W. H. Conant, proprietor. Every article was raised on this farm this year and the following products were shown: three boxes of apples and a basket and plate exhibit including twelve varieties; six varieties of beans, five traces of flint corn and 29 jars of canned goods and jellies.

Next came Nezinscot farm exhibit, N. E. Morrell, proprietor, which included all varieties of vegetables, yellow corn and fruit. Mr. Morrill raised the following amounts of vegetables on one-half acre, corn, 689 cans; squash, 141 cans; string beans, 160 cans; shell beans, 115 cans; carrots, 34 cans; beets, 10 cans; pumpkin, 53 cans; tomatoes, 72 cans. J. B. Damon had wheat and barley raised and threshed by himself. Maud Chesley had a large exhibit of vegetables.

As many as 50 bushels of potatoes were contributed to be sold for the Red Cross and also about 12 barrels of apples, beside a large quantity of all kinds of vegetables.

Perrin Dudley had an exhibit of gems and minerals, some native and others from various parts of the country including beryl, mined at Streaked Mountain, tourmalines, from the Lewis Ledge in Buckfield and Mt. Mica, topaz from Stoneham, quartz, crystal, flint, etc. Mrs. V. P. DeCoster had a large collection of moths and butterflies, native and from tropical countries, many mounted in trays, coasters and jewelry.

Mrs. H. A. Irish had a fine collection of Japanese curios brought from Japan by her father, who was musical director for the Empire for many years. This exhibit included books, musical instruments, polished mirrors, pipes, inlaid work, and fabrics and other things of interest. Shirley Hall had an exhibit of articles from various countries: a water cooler from the Phillippine Islands; a leaf from the Garden of Gethsemane; two rosaries; Queen Victoria Jubilee tumbler; Japanese teapot; chair from Italy; carved ivory from China; sugar bowl that has been in Prince family for seven generations; a sampler made by Sarah Prince about 100 years ago. Warren Shaw had a fine collection of photographs, hand colored of local and other views of very fine work.

The old fashioned room arranged on the stage was one of the chief attractions. There were stands, tables, chairs, pewter dishes, candle sticks and Mrs. Fred Ellingwood and Mrs. Sarah Glover gave exhibitions of spinning yarn and flax with the implements of the old days. Spinning and flax wheels, winders, swifts, cards, etc., were shown. The Red Cross had a table displaying samples of their work for the soldiers. An apron table was well patronized and beautiful specimens of fancy work of all kinds were displayed by Zelma Hersey, Mrs. F. F. Dyer, Mrs. H. A. Murch, Lena Ingersoll, Stella Bowen, Mrs. H. W. Roberts, Mrs. Washington Heald, Mrs. Irving Shaw, Mrs. Fred Ellingwood, Lizzie Warren, Mrs. W. M. Ricker and others. Sarah Barrett displayed her father's wedding suit and hat worn by him in 1843, also his militia uniform and an old doll nearly 70 years old. Mrs. A. F. Warren showed a pumpkin hood, some rare old shawls and a pair of hose that were her grandmother's wedding hose; the yarn raised, spun and knitted by herself in an exquisite manner. A shaving mug, made of wood and 130 years old was shown by W. M. Ricker.

The Midway

The midway was the scene of much fun and brought a good sum of money. B. Spaulding ran a bowling alley; Dutch Allen barked for the throwing game and Walter Record was the artful dodger: Lena Kelley told fortunes; the Camp Fire Girls sold pop corn and Red Cross tags; H. N. Bragdon gave a moving picture show at I. O. O. F. hall, proceeds for the Red Cross and a fish pond was well patronized.

Sports

Only part of the sports were pulled off as scheduled and resulted as follows:

100 yd. dash won by Herbert Spaulding; fat man's race won by George Kirkpatrick; 220 yd. dash won by Hersey Warren. Many of the sporting events including races and ball game were cancelled on account of rain.

In the pulling matches E. V. Pearson won in first match; Almon Gammon, second match; E. B. Austin, third match; Lester Turner, fourth match. Cattle entries: N. E. Morrill, B. E. Gerrish, Fred Corbett and Ernest Lovejoy. Great rivalry was manifest between Messrs. Morrill and Gerrish and Mr. Gerrish was some teamster and out-pulled Mr. Morrill mostly because he had the strongest voice. There was only one class of oxen in the pulling match and B. E. Gerrish's team won out, N. E. Morrill getting second. There were no premiums offered any department as the entire proceeds went to the Red Cross and more than $300 was realized.

Over 400 dinners were served in grange, Masonic and I. O. O. F. halls. Mrs. F. W. Record and J. C. Withington created much fun at the ice cream booth rigged in fantastic attire. A good advertising stunt was done by Zelma Hersey in black face and fancy attire.

J. E. Warren and G. B. Spaulding were in charge of the advertising; B. A. Hutchinson, B. E. Gerrish, Amy Shaw and Lizzie Fuller in charge of the hall; Dr. Doughty, Hersey Warren, J. C. Withington, sports; cattle, N. E. Morrill; horses, Frank Allen, Everett Pearson. Paul Bennett; general features, F. R. Dye, W. C. Allen, L. M. Irish, Julia Gile, Fanny Gerrish; dance, H. W. Roberts.

The farmers in this vicinity are digging their potatoes, getting rather small crops.

Buy Now and Save Money On a Hudson Super-Six

Over 50 makes have already advanced in price.

Hudsons, too, must cost more.

Nearly every make of car, except the Hudson, has lately increased in price.

Cars that sold at $1200 and $1400 now cost about as much as a Super-Six. Since January, 51 makers of automobiles have announced price increases amounting to $100 to $700.

The necessity of buying materials on to-day's market has forced these increases.

Steel costs five times as much as it did at the beginning of the war. Cotton, rubber—all items that enter into the manufacture of an automobile—now cost more than ever before.

Hudsons will cost more when the present stock of materials, bought last year at lower prices, is exhausted. There is no way of avoiding it. The price advantage that other cars once held no longer exists.

Hudson has been the most wanted car, regardless of price. It will be more popular than ever now that cheaper cars have advanced in price.

We know the number of cars from present material supplies that we are to get. At the rate of present sales, present prices cannot be continued long. Some models will be advanced in price within one month.

Now is the time to get a Hudson Super-Six. Have its use the remainder of the summer and throughout the fall. Save the money that delay will necessitate your paying for a Hudson.

A Serenade Party

Some three weeks ago Mrs. Edith Bryant of this place and Ransom Cole of Greenwood launched their boat on life's matrimonial seas in a quiet unpretentious way the nuptial vows were taken at the home of Mr. Cole, Rev. E. Stover officiating.

Days passed, quiet evenings were enjoyed, and the newly weds had settled down to the routine of life undisturbed by any intrusion until one evening their gentle reveries were suddenly brought to an end by the sounding of horns and the beating of drums, floating out into the beautiful moonlight night and suddenly about one hundred friends took them by storm. There were some whom father time had laid his hand on, there were married ones and single ones, there were many in the happy heyday of youth, and all entered into the spirit of the occasion. Bryant Pond Band played several selections which were appreciated by Mr. and Mrs. Cole.

With their usual tact for preparedness, in due time chocolates, lemonade and peanuts, also cigars, were brought out and enjoyed by the party.

In the quiet farm house, nestled in the Oxford Co. hills near a beautiful lake, undisturbed by the clamor or the high cost of living and worries over wheatless days, and meatless days, the quiet couple reside.

Although three score years have passed over their heads, their hearts are young and the grip of a friendly hand is given by them to all who cross their threshold, and there is always a welcome seat at their sumptuous table for friend or neighbor and all who know them hope there are many years of life for them together.

They have been the recipients of many nice presents from their long list of friends. Mr. Cole is known by the public as a good financier.

To furnish our soldiers, sailors and airmen with arms, uniforms and food; to buy ships for our navy and for transport, and flying machines for air service, the Government is asking you to loan it money. It gives in return its Bond, bearing interest, paid twice a year. The money is to be nearly all spent in the United States, but we are fighting for Liberty and Humanity for all the world.
